Dear Julius,

Venture III is cleared for gasoil ops.

Vessel is suitable for Jetty 1 & 2.

There will be tidal restrictions for her berthing/unberthing at Jetty 1 & 2 if her draft exceeds 11.4m and 11.1m respectively.

Vessel's ballast freeboard including the manifold height is within Jetty 1 & 2 GO MLAs working envelopes.

Best regards,  
John
